

### Low Melt Co-PET/PET Short Cut Fiber

Various specifications of high-quality Low Melt Co-PET/PET Short Cut Fiber is supplied by China LAYO which is a popular chemical fiber for airlaid products. Layo has decided to build up a strong supplier sources base in China and even other Countries in Asia for mainly all kind of fibers and nonwovens to maintain relation with them by giving regular business.

With years of experience in production **Low Melt Co-PET/PET Short Cut Fiber**, LAYO can supply a wide range of **Low Melt Co-PET/PET Short Cut Fiber**. All of our products can be customized, so we can meet your requirements on sizes, materials and colors. We provide program guidance, drawing designs for free.

China based supplier of **Low Melt Co-PET/PET Short Cut Fiber** sheath/core concentric structure based bicomponent fiber, with a property of low melting point sheath-Polyethylene and core material-Polypropylene, standard hydrophilic spin finish. It cut into super short length -4/5/6/12mm to be applied for airlaid products.

### Product Technical Indicators

Standard TDS of 2den 6mm Standard **Low Melt Co-PET/PET Short Cut Fiber**

Characteristic	Unit	Min	Max	Test Method	Remark
Linear Density	dtex	2.2	2.46	GB/T14335-2008	
Cut length	mm	5	7	GB/T14336-2008	
Crimp n.	n. /10mm	4	6	GB/T14328-2008	Adjustable
Spin finish(phil)	%	0.3	0.4	GB/T6504-2017	Adjustbale

### Product Specification Details, And Precise Application

China based supplier of **Low Melt Co-PET/PET Short Cut Fiber** It is an ideal fiber for AIRLAID which are widely used for absorbent and insulation products, such as food pads, insulation boards. Below the specification range:

Fiber denier: 2dn /4dn,

Main cut length: 4/5/6/12mm

Luster: raw white

Spin finish: standard hydrophilic
